Seeking the Data Analyst position at Paytm to leverage expertise in data analysis, visualization, and statistical techniques to deliver actionable insights that drive business decisions and product development. Eager to contribute to Paytm's growth by transforming raw data into meaningful information, identifying trends, and supporting data-driven strategies.

Professional Summary

- Developed and delivered 15+ responsive web interfaces adhering to accessibility standards using HTML5, CSS3, and ReactJS.
- Integrated RESTful APIs for dynamic data rendering, enhancing user engagement.
- Optimized application performance by 30% through code splitting, lazy loading, and asset compression techniques.
- Possess a Master of Technology degree in Data Science coupled with a Google Advanced Data Analytics Specialization.
- Proficient in data analysis and visualization tools, including SQL, R, Python, Tableau, Power BI, and Google Data Studio.

Work Experience

Jan 2021 - Apr 2023

Junior Associate Technology L1

Publicis Sapient India (Bengaluru, India)

Responsibilities included frontend development, API integration, performance optimization, cross-browser compatibility testing, and collaborating with designers to deliver high-quality web applications.

- Developed visually appealing and responsive web interfaces for 15+ projects, ensuring cross-browser compatibility and adherence to WCAG 2.1 accessibility standards using HTML5, CSS3, and ReactJS.
- Integrated RESTful APIs with frontend components to create dynamic and data-driven web applications, resulting in a 25% increase in user engagement.
- Utilized Webpack to optimize application performance through code splitting, lazy loading, and asset compression techniques, achieving a 30% improvement in page load speed.
- Collaborated effectively with UX designers, translating Figma mockups into pixel-perfect, mobile-first web pages. Streamlined design-to-development workflow, decreasing production time by 15%.
- Successfully delivered 5+ projects on time and within scope by adhering to Agile methodologies, resulting in 100% client satisfaction.

Achievements:

- Successfully delivered 5+ web development projects on time and within scope, exceeding client expectations and achieving 100% satisfaction.
- Improved application performance by 30% by implementing optimization techniques such as code splitting, lazy loading, and asset compression.
- Increased user engagement by 25% by integrating RESTful APIs to deliver dynamic data and enhance interactivity.

Technical Skills

SQL	●●●●○
Python	●●●●○
Data Visualization	●●●●○
R	●●●○
Tableau	●●●●○
Power BI	●●●○
Big Query	●●●○
Data Analysis	●●●●○
Machine Learning	●●●○
Statistical Analysis	●●●●○

Soft Skills

- Problem-Solving
- Collaboration
- Communication
- Critical Thinking
- Attention to Detail
- Adaptability
- Time Management
- Creativity
- Data Interpretation
- Analytical Thinking

Core Competencies

- Data Analysis and Interpretation
- Data Visualization and Reporting
- Technical Proficiency (SQL, Python, Tableau)
- Problem-Solving and Analytical Thinking
- Communication and Collaboration

Education

- Bachelor of Technology - Computer Science and Engineering**
BABU BANARSI DAS NORTHERN INDIAN INSTITUTE OF TECHNOLOGY, Lucknow, India
(Jun 2017 - Jun 2021)
- Master of Technology - Data Science**
CHRIST UNIVERSITY - KENGERI CAMPUS, Bengaluru, India
(Jun 2024 - Jun 2026)

Certifications

- Google Advanced Data Analytics Specialization
- Meta Data Analyst

Hobbies

Data Visualization, Coding, Tech Blogs, Problem-Solving

Languages

English, Hindi
